## JAPS ON THE MOVE.

They Have Crossed the Hun River  
Fifty Miles Above Mukden.The Entire Absence of News From  
Port Arthur, It Is Feared, Indicates  
a Closer Blockade There—Can-  
nonading at Aniva.St. Petersburg, Sept. 28.—The war  
commission adjourned early Tuesday  
evening without issuing further news  
from the front.The Mukden telegram to the Berlin  
Lokal Anzeiger, reporting that the  
Japanese had crossed the Hun river  
50 miles above the city, is believed to  
refer to scouting parties of Japanese  
whose presence there was recorded in  
the press dispatches of September 16.The movement of Japanese forces  
on the Liao river, which was reported  
in a dispatch from Gen. Sakharoff to  
the general staff on September 26 is  
all the more significant since Shanchan  
is the starting point of roads leading  
to Tie Pass, Mukden and Simintin.  
The announcement that the Russians  
are fortifying Pakoman, 25 miles  
northeast of Mukden, shows that Gen.  
Kuropatkin is preparing to check the  
flanking movement on Tie Pass from  
the west in case Simintin should  
have to be evacuated.The entire absence of news from  
Port Arthur, it is feared, indicates a  
closer blockade there. Hitherto dis-  
patches from Gen. Stoessel have been  
coming through semi-weekly.A telegram received here from Ba-  
tium reporting that reservists are be-  
ing transported along the Caucasian  
coast brings the first intimation that  
troops there are being mobilized.  
There are only two army corps in the  
Caucasus and one of these have ap-  
parently been ordered to the far east.Tokio, Sept. 28.—Unofficial esti-  
mates place the number of sick and  
wounded Japanese soldiers under  
treatment in Japan at 45,000. The mili-  
tary hospitals at Tokio, Osaka and  
Hiroshima contain 10,000 each. Nine  
thousand have recovered sufficiently  
to be sent to mountain and health re-  
sorts. The system of handling and  
treating the sick and wounded is work-  
ing splendidly and the death rate is  
exceptionally small.Mukden, Sept. 29.—Many skirmishes  
and reconnaissances are reported to  
headquarters here, but except for  
these, quiet still prevails. In the fight-  
ing that has been taking place the  
Russian scouts have almost invariably  
shown superior to the Japanese, both  
in riding and fighting.The Japanese movement up the Tai-  
tse river appears to be by a compara-  
tively small force. Raiding parties  
from the Russian army bring in many  
prisoners. Reinforcements are arriv-  
ing rapidly. Over one thousand con-  
valescents have returned to duty.The railway is in good working con-  
dition. Officers are distributing the  
reserve of stores that were brought  
up from Liao Yang, as adequate sup-  
plies are now coming in from the  
north. Details of the fighting near  
Inpu, between Bentsiaputze and the  
railroad on September 26, show that  
Gen. Mischenko's scouts, accompa-  
nied by a battery of artillery, attacked  
a Japanese position where there were  
a battery of artillery, two squadrons  
of cavalry and two companies of in-  
fantry. The Japanese were shelled out  
of their position on a hill and suffered  
heavy loss. As they retired the Rus-  
sians occupied the hill until nightfall,  
when they, too, retired under cover  
of darkness, having lost only three  
men.The Japanese are sending out large  
parties of scouts daily with the object  
of checking the Russians' continuous  
raids.The march of Gen. Rennenkampf's  
Cossacks around the Japanese right  
flank, which was mentioned in these  
dispatches on September 26, was a  
remarkable performance. Accompa-  
nied by a battery of artillery, the Cos-  
sacks covered 80 miles in 52 hours.  
They struck the enemy north of Ben-  
tsiaputze on September 19, and thence  
continued south, circling the Japanese  
right flank and coming unexpectedly  
on the Japanese line of communication  
near Bentsip, on the bank of the  
Taitse river, September 22, inflicting  
considerable damage. The Japanese  
were thrown into great confusion but  
retired with a loss of only two killed.

## A TORPEDO LOST.

A Reward of \$250 Has Been Offered  
For Its Recovery.San Francisco, Sept. 29.—Two tor-  
pedoes were lost last Friday from the  
United States submarine boat Pike,  
which has been experimenting in San  
Pablo bay under the direction of Lieut.  
MacArthur. One has been recovered by  
Italian fishermen. The other is  
still at large and may be exploded by  
a passing vessel. It is charged with  
200 pounds of gun cotton. A reward  
of \$250 is offered for its recovery. The  
one already found had lost its com-  
pressed air and was practically harm-  
less.

## Proposed Arctic Expedition.

Christiana, Norway, Sept. 29.—The  
duke of Orleans has asked permission  
of the government to hire the Arctic  
steamer Fram in which Dr. Nansen  
made his voyage to the Arctic regions,  
for the purpose of an Arctic expedi-  
tion in 1905.

Minister Barrett Leaves For New York

Panama, Sept. 29.—American Min-  
ister Barrett left here Wednesday for  
Colon on his way to New York. A  
large crowd of government officials,  
diplomats and other friends bid him  
farewell at the depot.

## VANDALS AT THE FAIR.

Several Valuable Oil Paintings of the  
Czar Mutilated.St. Louis, Sept. 29.—When the Rus-  
sian exhibit in the varied industries  
building at the World's fair was opened  
Wednesday it was discovered that  
several valuable oil painting of Empe-  
ror Nicholas had been torn from the  
wall and mutilated by some unidenti-  
fied person or persons. Another por-  
trait of the emperor, a handsome and  
valuable panel done in colored silk,  
has been torn from its support and sub-  
jected to the greatest indignity. The  
oil paintings were torn and there  
were marks showing that the features  
of the emperor has been stamped up-  
on. The vandalism was reported at  
once to the exposition authorities and  
an investigation ordered.

## TYPHOID FEVER.

Greater New York Is Threatened With  
An Epidemic of the Disease.New York, Sept. 29.—Greater New  
York is at present threatened with  
what may be the severest epidemic of  
typhoid fever in its history. Not only  
are the number of typhoid cases re-  
ported for the three weeks of Septem-  
ber ending last Saturday greater than  
that of any month last year, but since  
the beginning of the summer the death  
rate has been so much higher than  
formerly that the health department  
is now thoroughly alarmed and is  
bending every effort toward checking  
the disease. When it is considered  
that the spread of typhoid last year  
was greater than it has been for many  
years, the gravity of the present situa-  
tion is indicated.

## THE RACE PROBLEM.

Question Discussed By Rev. Dr.  
Strange and B. T. Washington.New York, Sept. 29.—Before an au-  
dience that filled St. Thomas' Protest-  
ant Episcopal church, and in the pres-  
ence of Booker T. Washington Wed-  
nesday night, Rev. Dr. Strange, bishop  
coadjutor-elect of the diocese of South  
Carolina, declared that one set factor  
in any real and practical solution of  
the Negro problem was the entire sepa-  
ration of the races in social, scholas-  
tic, religious and domestic affairs.  
When Mr. Washington arose to speak  
he virtually agreed with the bishop  
by saying the problem could not be  
settled by amalgamation or by depor-  
tation of the Negroes, but by earnest  
sympathy and co-operation of the  
races.

## HUNTER'S DISCOVERY.

Part of a Human Skeleton and Char-  
red Remains of Clothing.Shawneetown, Ill., Sept. 29.—While  
hunting in the woods near here, Geo.  
Porter, a farmer, has found a part of  
a human skeleton and the charred re-  
mains of clothing lying in a pile of  
ashes. Hanging on a nearby tree was  
a coat in the pocket of which was a  
note signed by W. W. Martin, of St.  
Louis, who disappeared from his home  
in St. Louis about a month ago, stat-  
ing that the writer contemplated com-  
mitting suicide by cremation and that  
on that spot would be found the result  
of the attempt.

## THE DIVORCE LAW.

Bishop Henry C. Potter Attacks it in  
Vigorous Terms.New York, Sept. 29.—Bishop Henry  
C. Potter attacked divorce in vigorous  
terms in his report Wednesday in the  
annual convention of the Protestant  
Episcopal diocese of New York. He  
declared that unless the church set  
itself against the spread of the evil  
society would relapse into a state of  
practical barbarism, and he urged the  
clergy to set itself against divorce,  
which he characterized as a "Godless  
license which flings aside the most  
sacred vows because of vexatious un-  
congeniality."

## SHOWS A HEALTHY GROWTH.

The Report of the Committee on Sta-  
tics of the Order.St. Louis, Sept. 29.—The National  
Fraternal Congress, in convention at  
the Temple of Fraternity, held its sec-  
ond session Wednesday. The report  
of the committee on statistics and the  
good of the order showed a net in-  
crease in membership during the past  
year of 233,399. The report showed  
that the amount of fraternal insurance  
paid out in benefits during the past  
year was \$53,177,896. The number of  
deaths reported for the year was 32-  
330.

## Big Gas Well Struck.

Muncie, Ind., Sept. 29.—The biggest  
gas well struck in Delaware county  
for years, and one indicating that nat-  
ural gas is not yet wholly exhausted,  
has just been found in the heart of the  
oil belt on the Lenon farm, east of  
Muncie, by the Nonpareil Oil Co. The  
well shows a rock pressure of 135  
pounds.

## The American Evangelists.

Bolton, Eng., Sept. 29.—Reuben A.  
Torrey and C. M. Alexander, the Am-  
erican evangelist, closed their stay  
here Wednesday evening after an un-  
precedentedly successful revival meet-  
ing. They will commence a mission  
at Cardiff October 2.

## Mrs. Sarah Potter's Will.

Boston, Sept. 29.—Public bequests  
aggregating over \$1,000,000, the larg-  
est being a gift of \$250,000 to the city  
of New Bedford, are contained in the  
will of the late Mrs. Sarah Potter, of  
this city, which was filed for probate.

## AGAINST UNION LABOR.

Letter Purported to Have Been  
Written by the President.Roosevelt Pronounces It An Absurd  
and Impudent Forgery and Steps  
Will Be Taken to Punish  
the Forgers.Butte, Mont., Sept. 28.—When Sena-  
tor Fairbanks and his party arrived  
here they found the republican leaders  
much exercised over the publication  
in the Miners Magazine, published at  
Denver by the Western Federation of  
Miners, of what purported to be a de-  
nunciation of labor unions by Presi-  
dent Roosevelt and a denial of its au-  
thenticity by the president. The presi-  
dent's contradiction was sent to for-  
mer Senator Lee Mantle in response  
to a telegram of inquiry from him and  
was as follows:"White House, Washington, Sept. 26.  
—Your telegram received. The letter  
you refer to purporting to be addressed  
by me to Michael Donnelly and printed  
in the Miners Magazine of Septem-  
ber 22, is, of course, an absurd and  
impudent forgery. I have written no  
such letter nor any letter even resem-  
bling it to Mr. Donnelly nor any one  
else. I have written Mr. Donnelly re-  
questing to know if he has received  
any such letter and requesting him, if  
so, to at once lay it before the district  
attorney of Chicago to find out wheth-  
er it is possible to discover and punish  
the forgers. (Signed) Theodore  
Roosevelt."The letter in which the president  
was represented to have made his at-  
tack on union labor was addressed to  
Michael Donnelly, of Chicago, presi-  
dent of the Butchers and Meat Cut-  
ters' union. The document is given in  
full, with President Roosevelt's name  
attached, but without date, and it is  
stated that it was written in response  
to an appeal by Donnelly to him to in-  
terfere for the settlement of the late  
butchers' strike. Following are some  
extracts from it:"I stand ready to do as my illustri-  
ous predecessor, Grover Cleveland,  
did, and assert the power of this na-  
tion against all local nullifiers. Last  
summer I felt impelled to write a let-  
ter calling upon my countrymen to  
put down lynching. But labor union  
terrorism and crime are as great a  
national menace as lynch law.""Let me tell you that the first duty  
of the officers of the law, whether they  
be sheriff, constable, municipal officers,  
mayors, governors or the president,  
himself, is to maintain public order  
and put down the mob with an iron  
hand."After advising Donnelly to put a  
stop to the strike the president is re-  
presented as saying: "In any case, be  
assured I will keep my hands off un-  
less your folly brings you into collision  
with the laws of the United States,  
when my hand will go on in a way  
you will not like. So far as I am con-  
cerned you have barked up the wrong  
tree. I am not to be either wheeled  
or frightened into meddling with what  
is none of my business."Denver, Col., Sept. 28.—Secretary W.  
D. Haywood, of the Western Federa-  
tion of Miners, said Tuesday night  
that the reputed letter of President  
Roosevelt to President Donnelly was  
copied from the Wisconsin Teller.So far as the letter of President  
Roosevelt having been a forgery, Sec-  
retary Haywood says he was not  
aware of it. The Miners Magazine is  
published under the direction of the  
federation and both President Meyer  
and Secretary Haywood take an active  
part in its direction.New York, Sept. 29.—The letter al-  
leged to have been received by Mich-  
ael J. Donnelly, the leader of the meat  
strike, purporting to be one sent by  
President Roosevelt, was copied from  
an editorial in the New York Evening  
Post of August 1.

The Evening Post says:

"The letter appeared as an editorial  
in the Evening Post of August 1, and  
was explicitly stated to be a letter  
which the president might have writ-  
ten with advantage to himself and the  
country.""In other words it was confessedly  
an imaginary letter, written for the  
sake of bringing out certain truths in  
regard to the meat strike.""We had no thought, of course, of  
being able to make even a presentable  
imitation of the president's literary  
style, and as the article was, at the  
time, commented on and reproduced  
somewhat extensively in the press, we  
never dreamed of its ever coming to  
figure as a 'campaign forgery.'"

## Chicago River Tunnels to Be Changed.

Washington, Sept. 28.—Secretary  
Taft, under authority of the act of  
congress of April 27 last, Tuesday  
served notices on the city of Chicago  
and the street railway companies own-  
ing or controlling the tunnels at La-  
Salle, Van Buren and Washington  
streets, under the Chicago river, Chi-  
cago, to alter all the tunnels so that  
there shall be a depth of water of at  
least 22 feet over them. April 15,  
1906, is fixed as the date when the  
lowering shall be completed.

## Col. Charles Morton Married.

St. Louis, Sept. 28.—Col. Charles  
Morton, of the Seventh United States  
cavalry, stationed at Chickamauga  
Park, and Mrs. Sabina P. Pemberton,  
of Pasadena, Cal., have been married  
at the home of Capt. F. R. Rice, in  
this city.

## Thrown From a Platform.

Milford, Del., Sept. 28.—Two hun-  
dred persons were thrown from a plat-  
form and fell 30 feet at the launching  
of the schooner Charles J. Bumas on  
Tuesday. Fifteen persons were seri-  
ously injured.

## Tobacco as Money.

Tobacco was legal tender in the  
American states when they were still  
colonies of Great Britain.

## Wrong Growth.

By growing too rapidly in our own  
estimation we are apt to check more de-  
sirable progress.—Puck.

## Not Before.

The coming man is seldom noticed  
until after his arrival.—Chicago Daily  
News.

## Much.

It is better to say: "This one thing I  
do," than to say: "These 40 things I  
dabble in."—Washington Gladden.

## Ancient Song.

A song called the "Hymn to Apollo,"  
written 280 years B. C. has just been  
sung for the first time in England.

## The Fierce Dose.

That war is beginning to resolve it-  
self into a question of how much Rus-  
sia can stand.—Chicago News.

Many women are denied the happiness of  
children through derangement of the gener-  
ative organs. Mrs. Beyer advises women to use  
**Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—I suffered with stomach complaint for  
years. I got so bad that I could not carry my children but five months,  
then would have a miscarriage. The last time I became pregnant, my  
husband got me to take **Lydia E. Pinkham's Vegetable Compound.**  
After taking the first bottle I was relieved of the sickness of stomach,  
and began to feel better in every way. I continued its use and was  
enabled to carry my baby to maturity. I now have a nice baby girl,  
and can work better than I ever could before. I am like a new woman."  
—MRS. FRANK BEYER, 22 S. Second St., Meriden, Conn.

Another case which proves that no other medicine  
in the world accomplishes the same results as  
**Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—I was married  
for five years and gave birth to two pre-  
mature children. After that I took  
**Lydia E. Pinkham's Vegetable Com-  
pound**, and it changed me from a weak,  
nervous woman to a strong, happy and  
healthy wife within seven months. With-  
in two years a lovely little girl was born,  
who is the pride and joy of my household.  
If every woman who is cured feels as  
grateful and happy as I do, you must  
have a host of friends, for every day I  
bless you for the light, health and happi-  
ness **Lydia E. Pinkham's Vegetable**

**Compound** has brought to my home. Sincerely yours, MRS. MAB  
P. WHARRY, Flat 31, The Norman, Milwaukee, Wis."

Actual sterility in woman is very rare. If any woman thinks  
she is sterile let her write to Mrs. Pinkham at Lynn, Mass., whose  
advice is given free to all would-be and expectant mothers.
